THE Parisienne states her jewel preferences in black and white and illustrates them with these effective novelties which HEARN has just imported.

A JET BRACELET worn half way to the elbow and trailing a cascading fringe of jet and brilliants and tiny pearls, is as beautiful as it is daring and original. 10.97  
A similar bracelet of jet and brilliants, without the pearls, is 5.97

EARRINGS may be as long as wearer's neck—the longer the smarter, says Paris. New ones of jet incrustured with brilliants and tiny pearls are as light as feathers to wear. 3.97

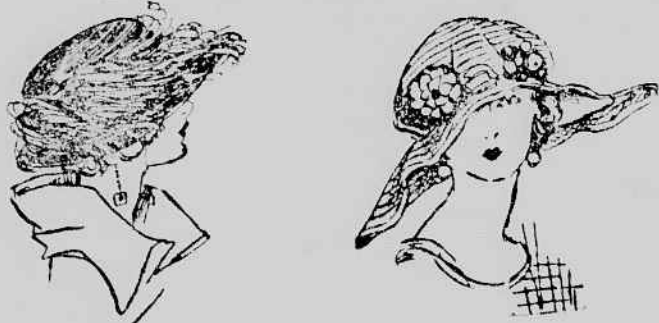

A COLLAR with the central stone, which is black, linked on either side to black velvet ribbon, with strands of pearls, and having a pearl and jet pendant tassel, is a becoming ornament for any woman. 10.97

A PENDANT of jet incrustured with a design of brilliants is considered the latest fashion to be worn for day or evening. A number of designs give choice of a double pendant. 5.97
